

Biological process
enriched for
 $dn/ds > 0.5$

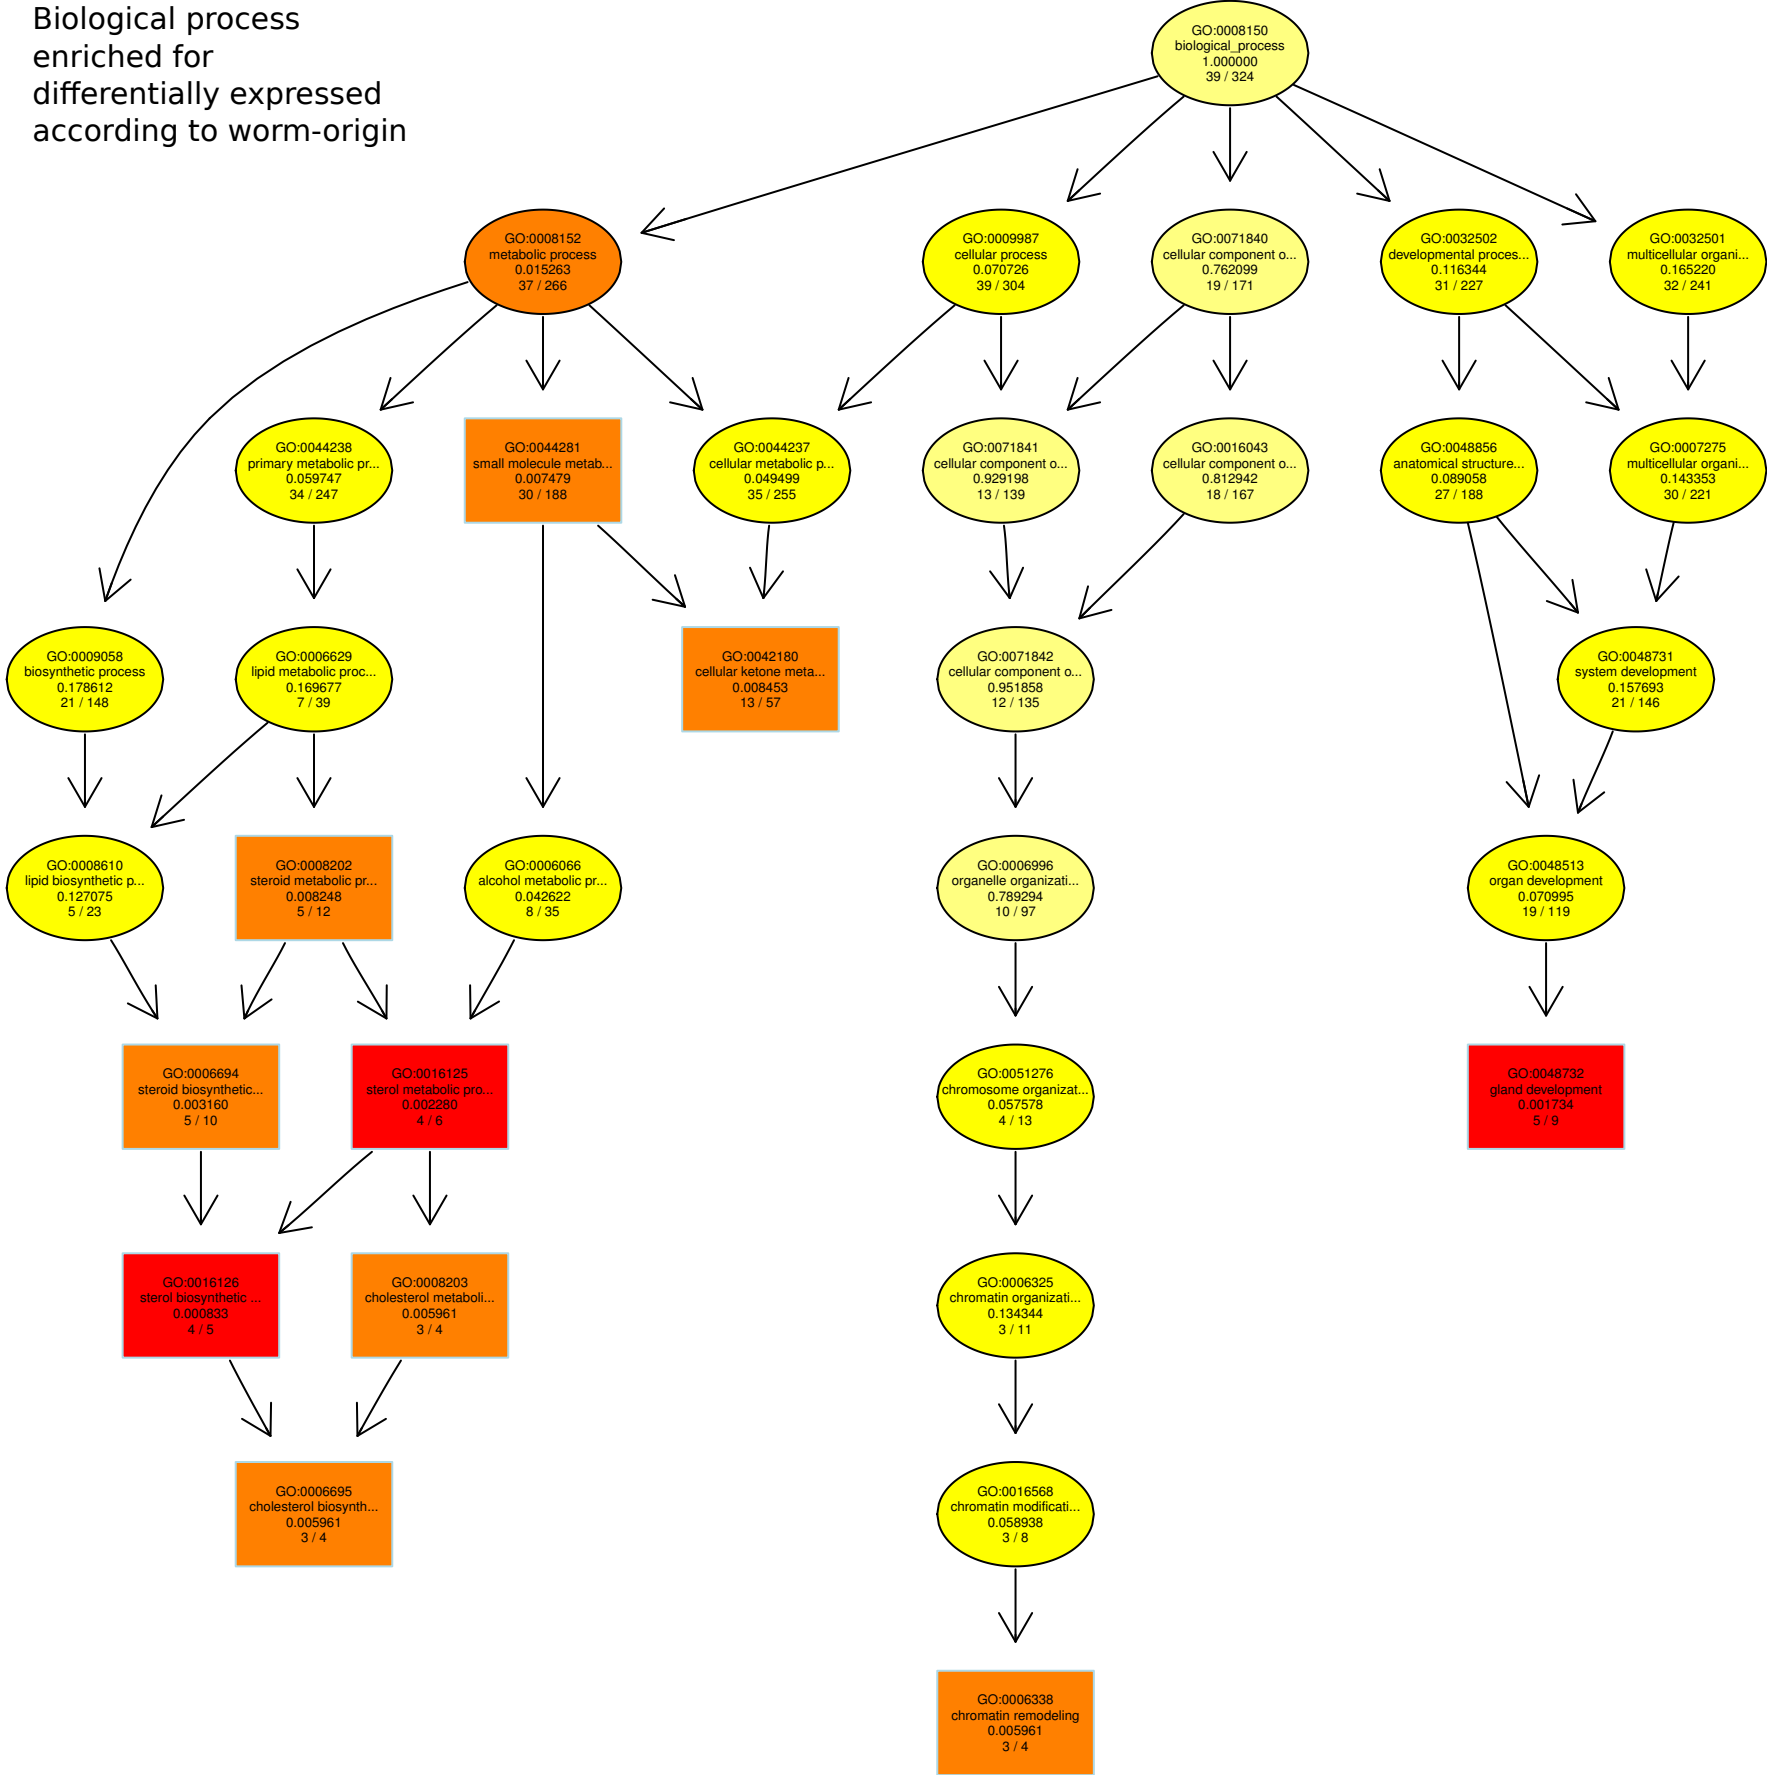

Cellular compartment
enriched for
 $dn/ds > 0.5$

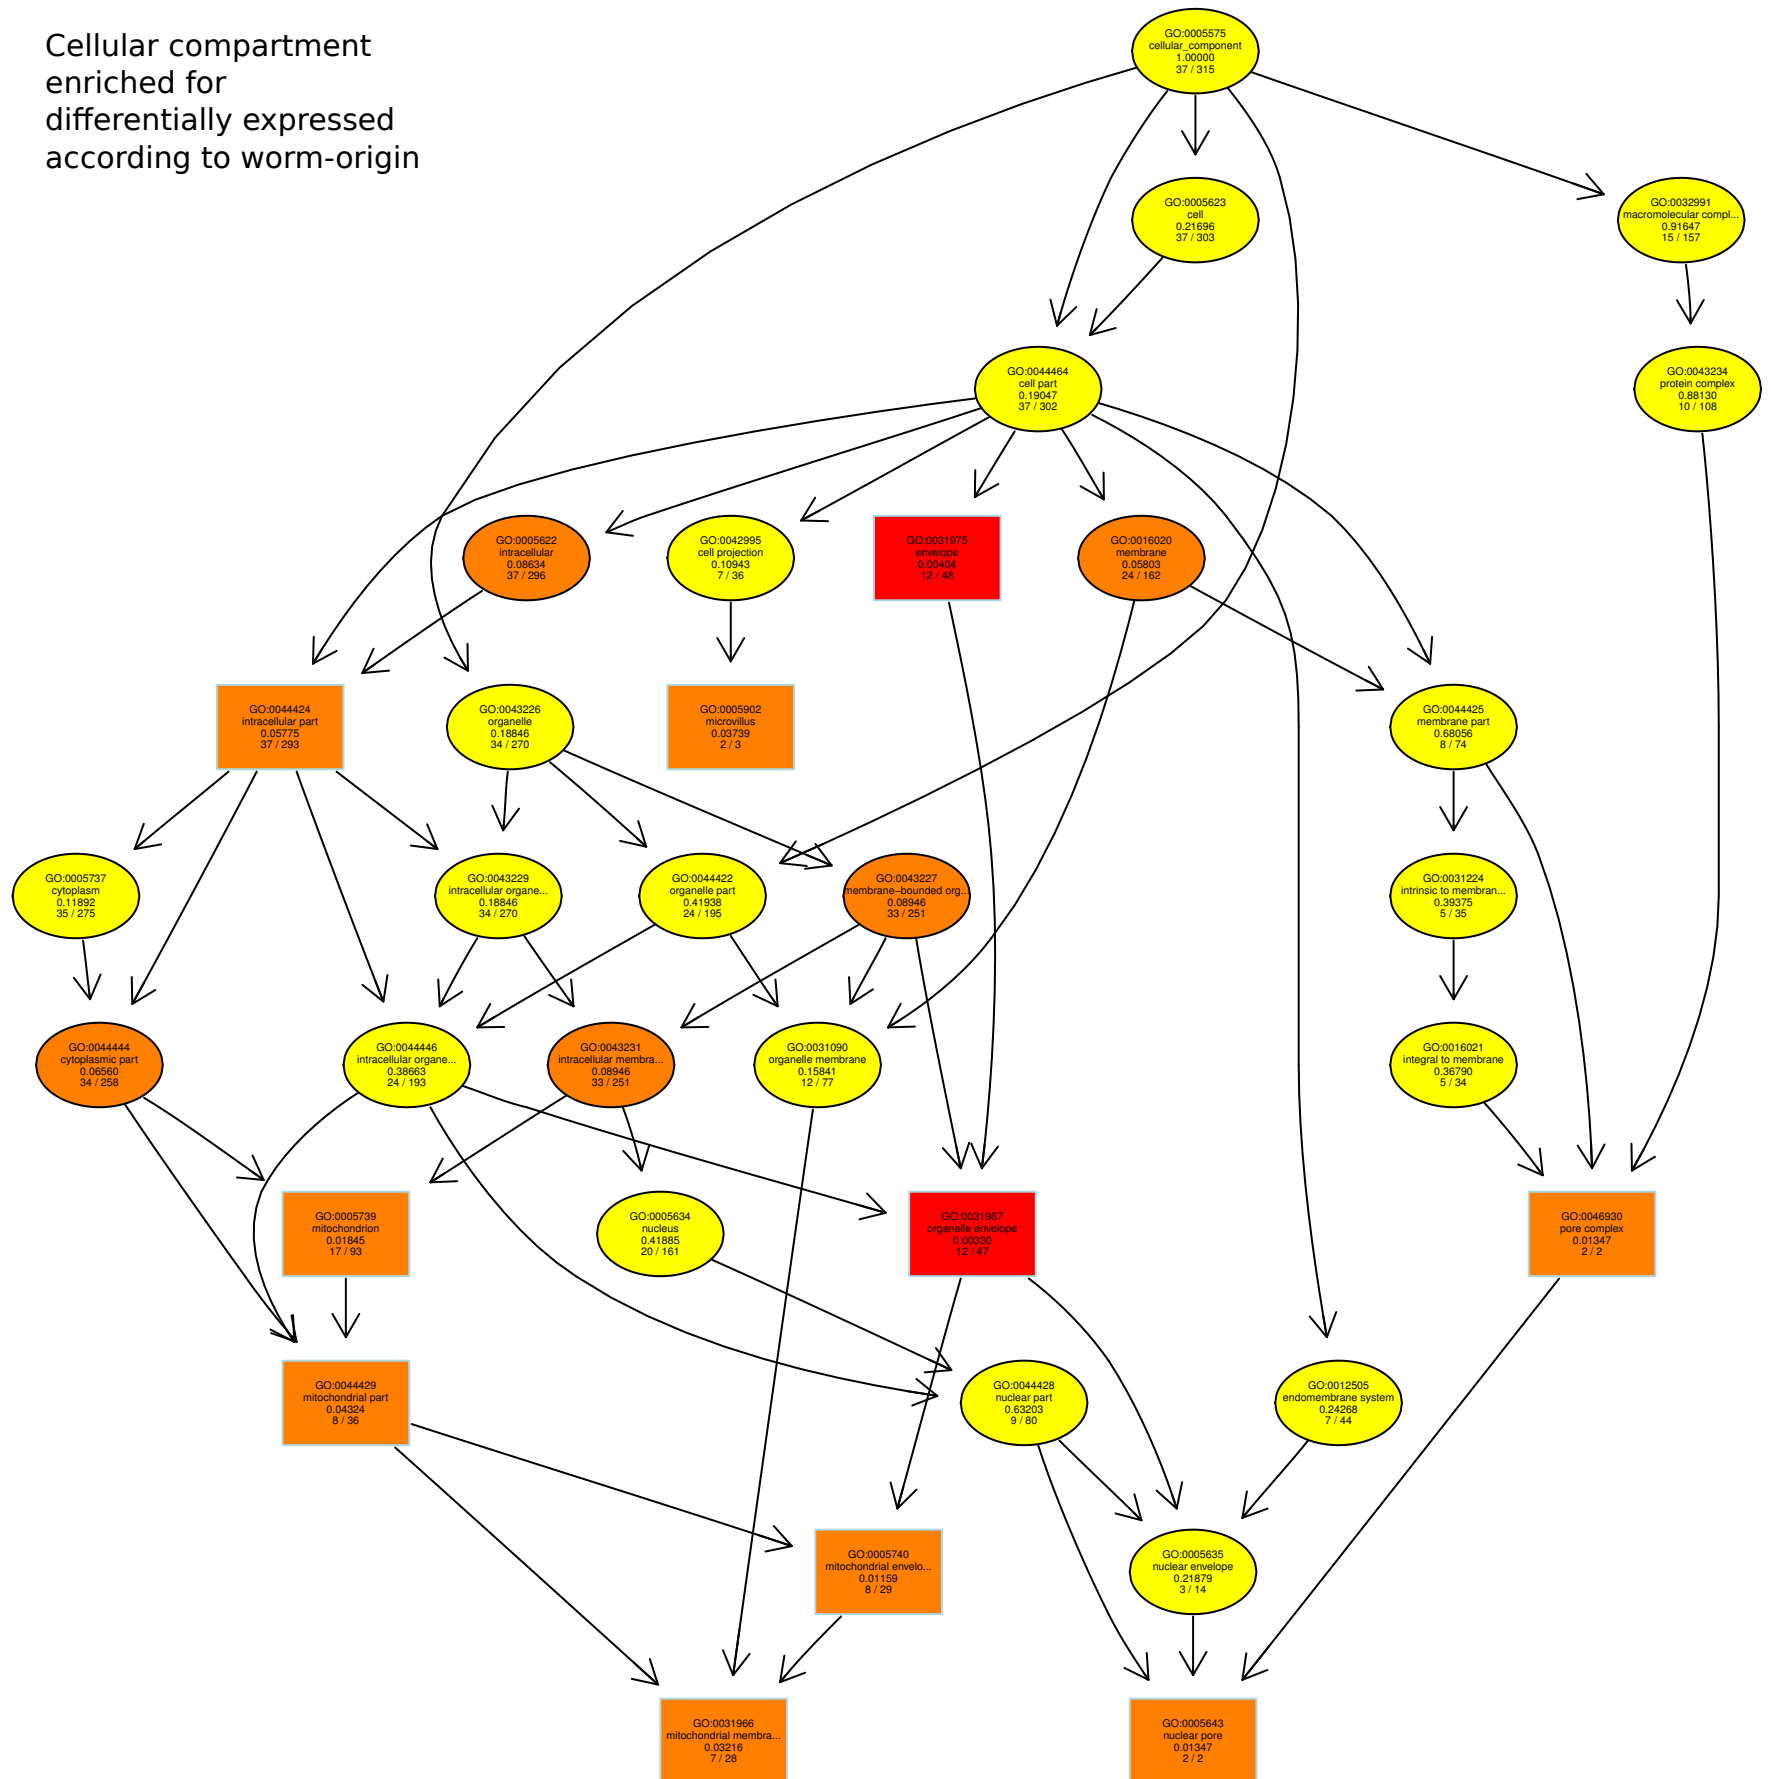

Molecular function
enriched for
dn/ds > 0.5

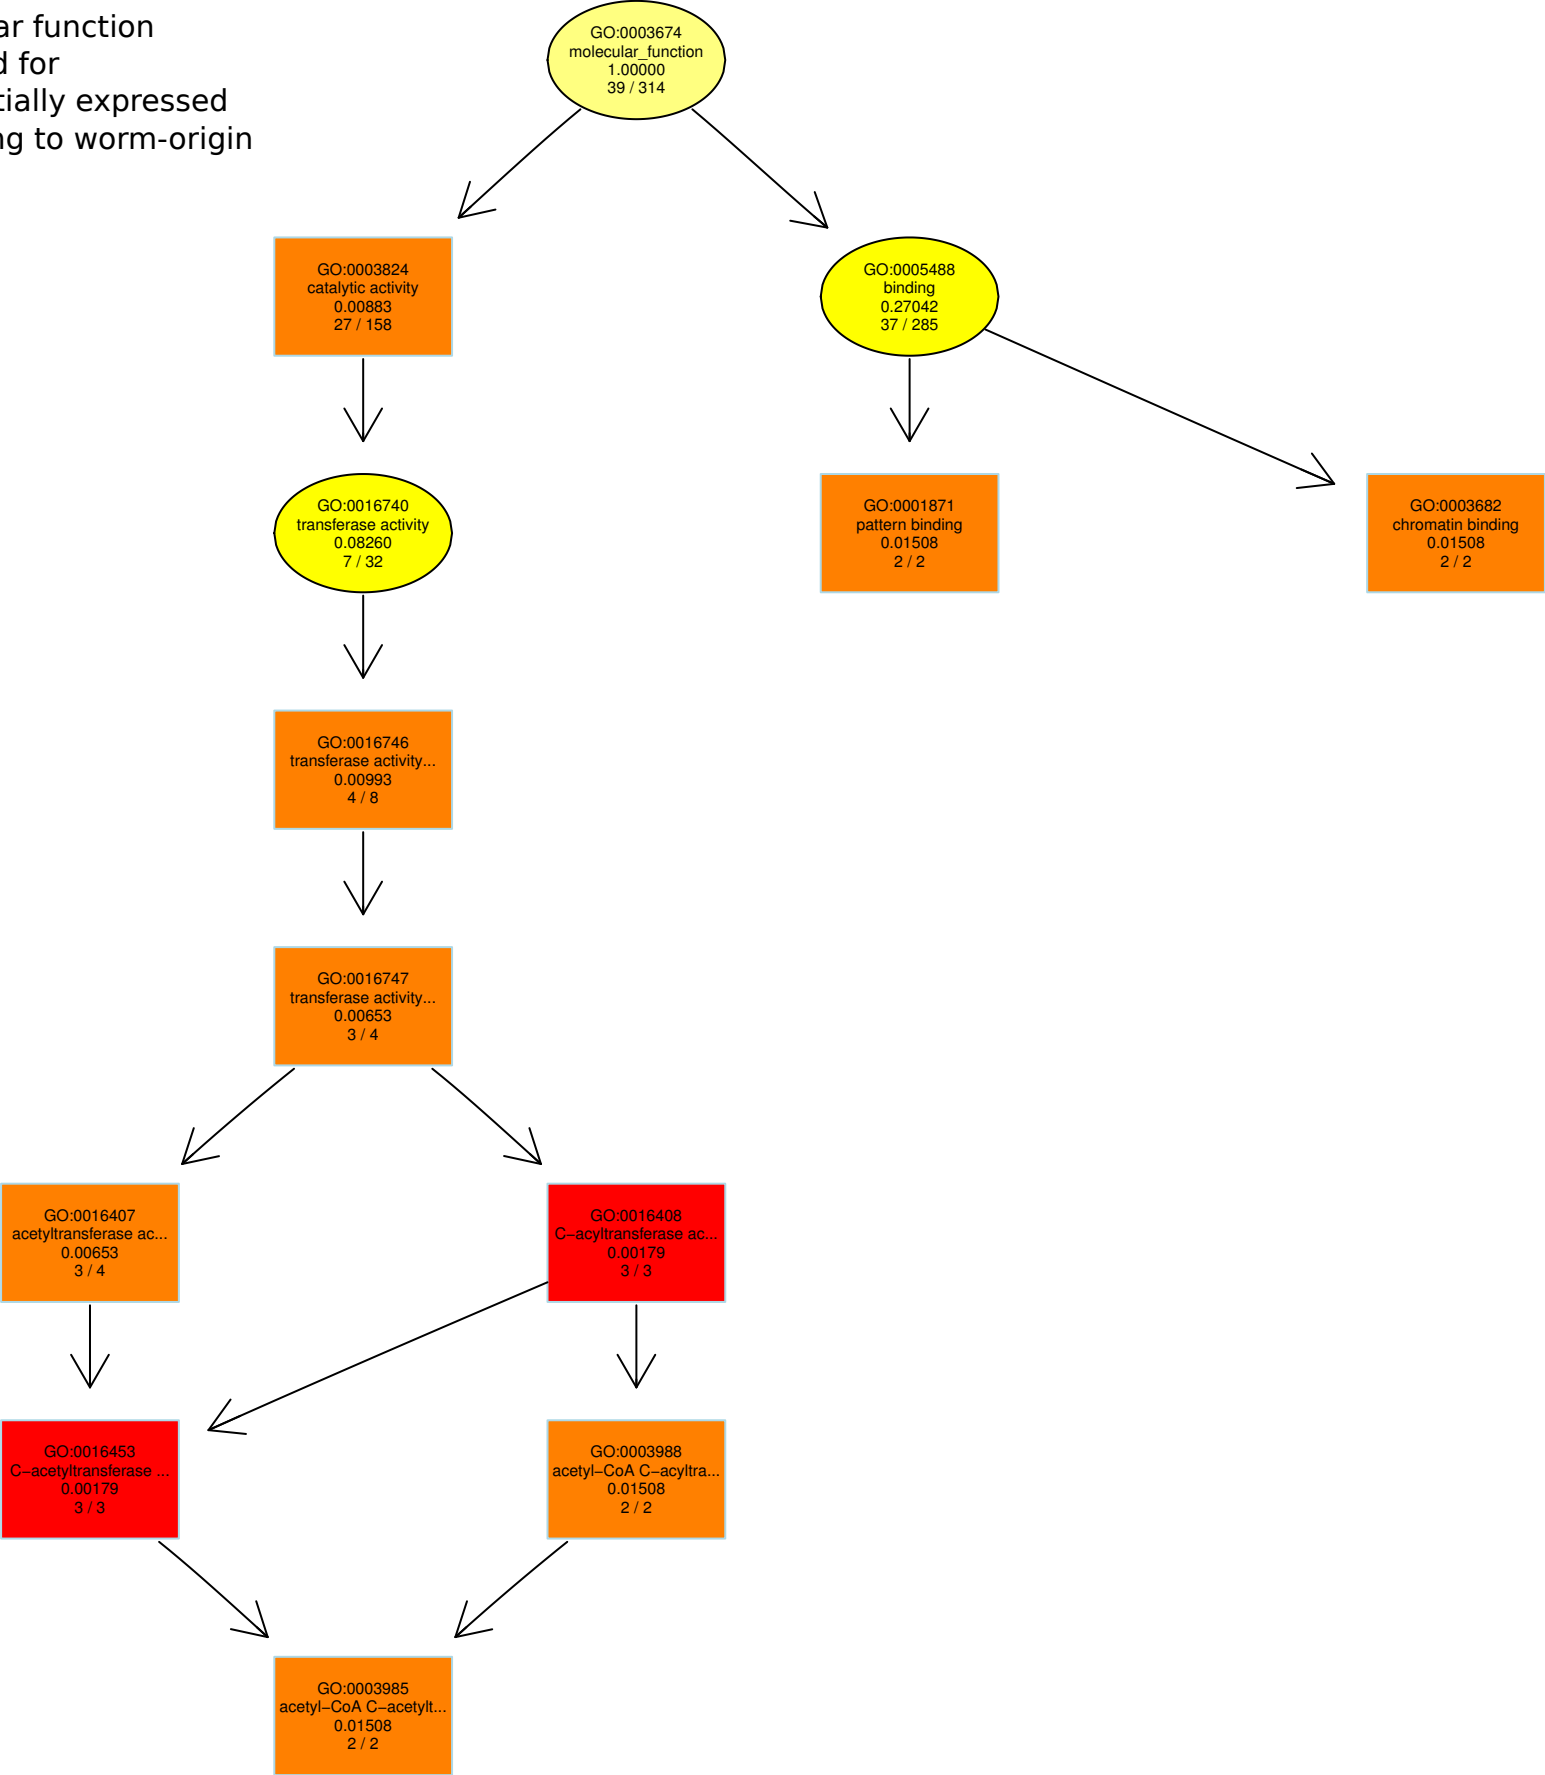

Biological process
enriched for
differentially expressed
according to worm-origin

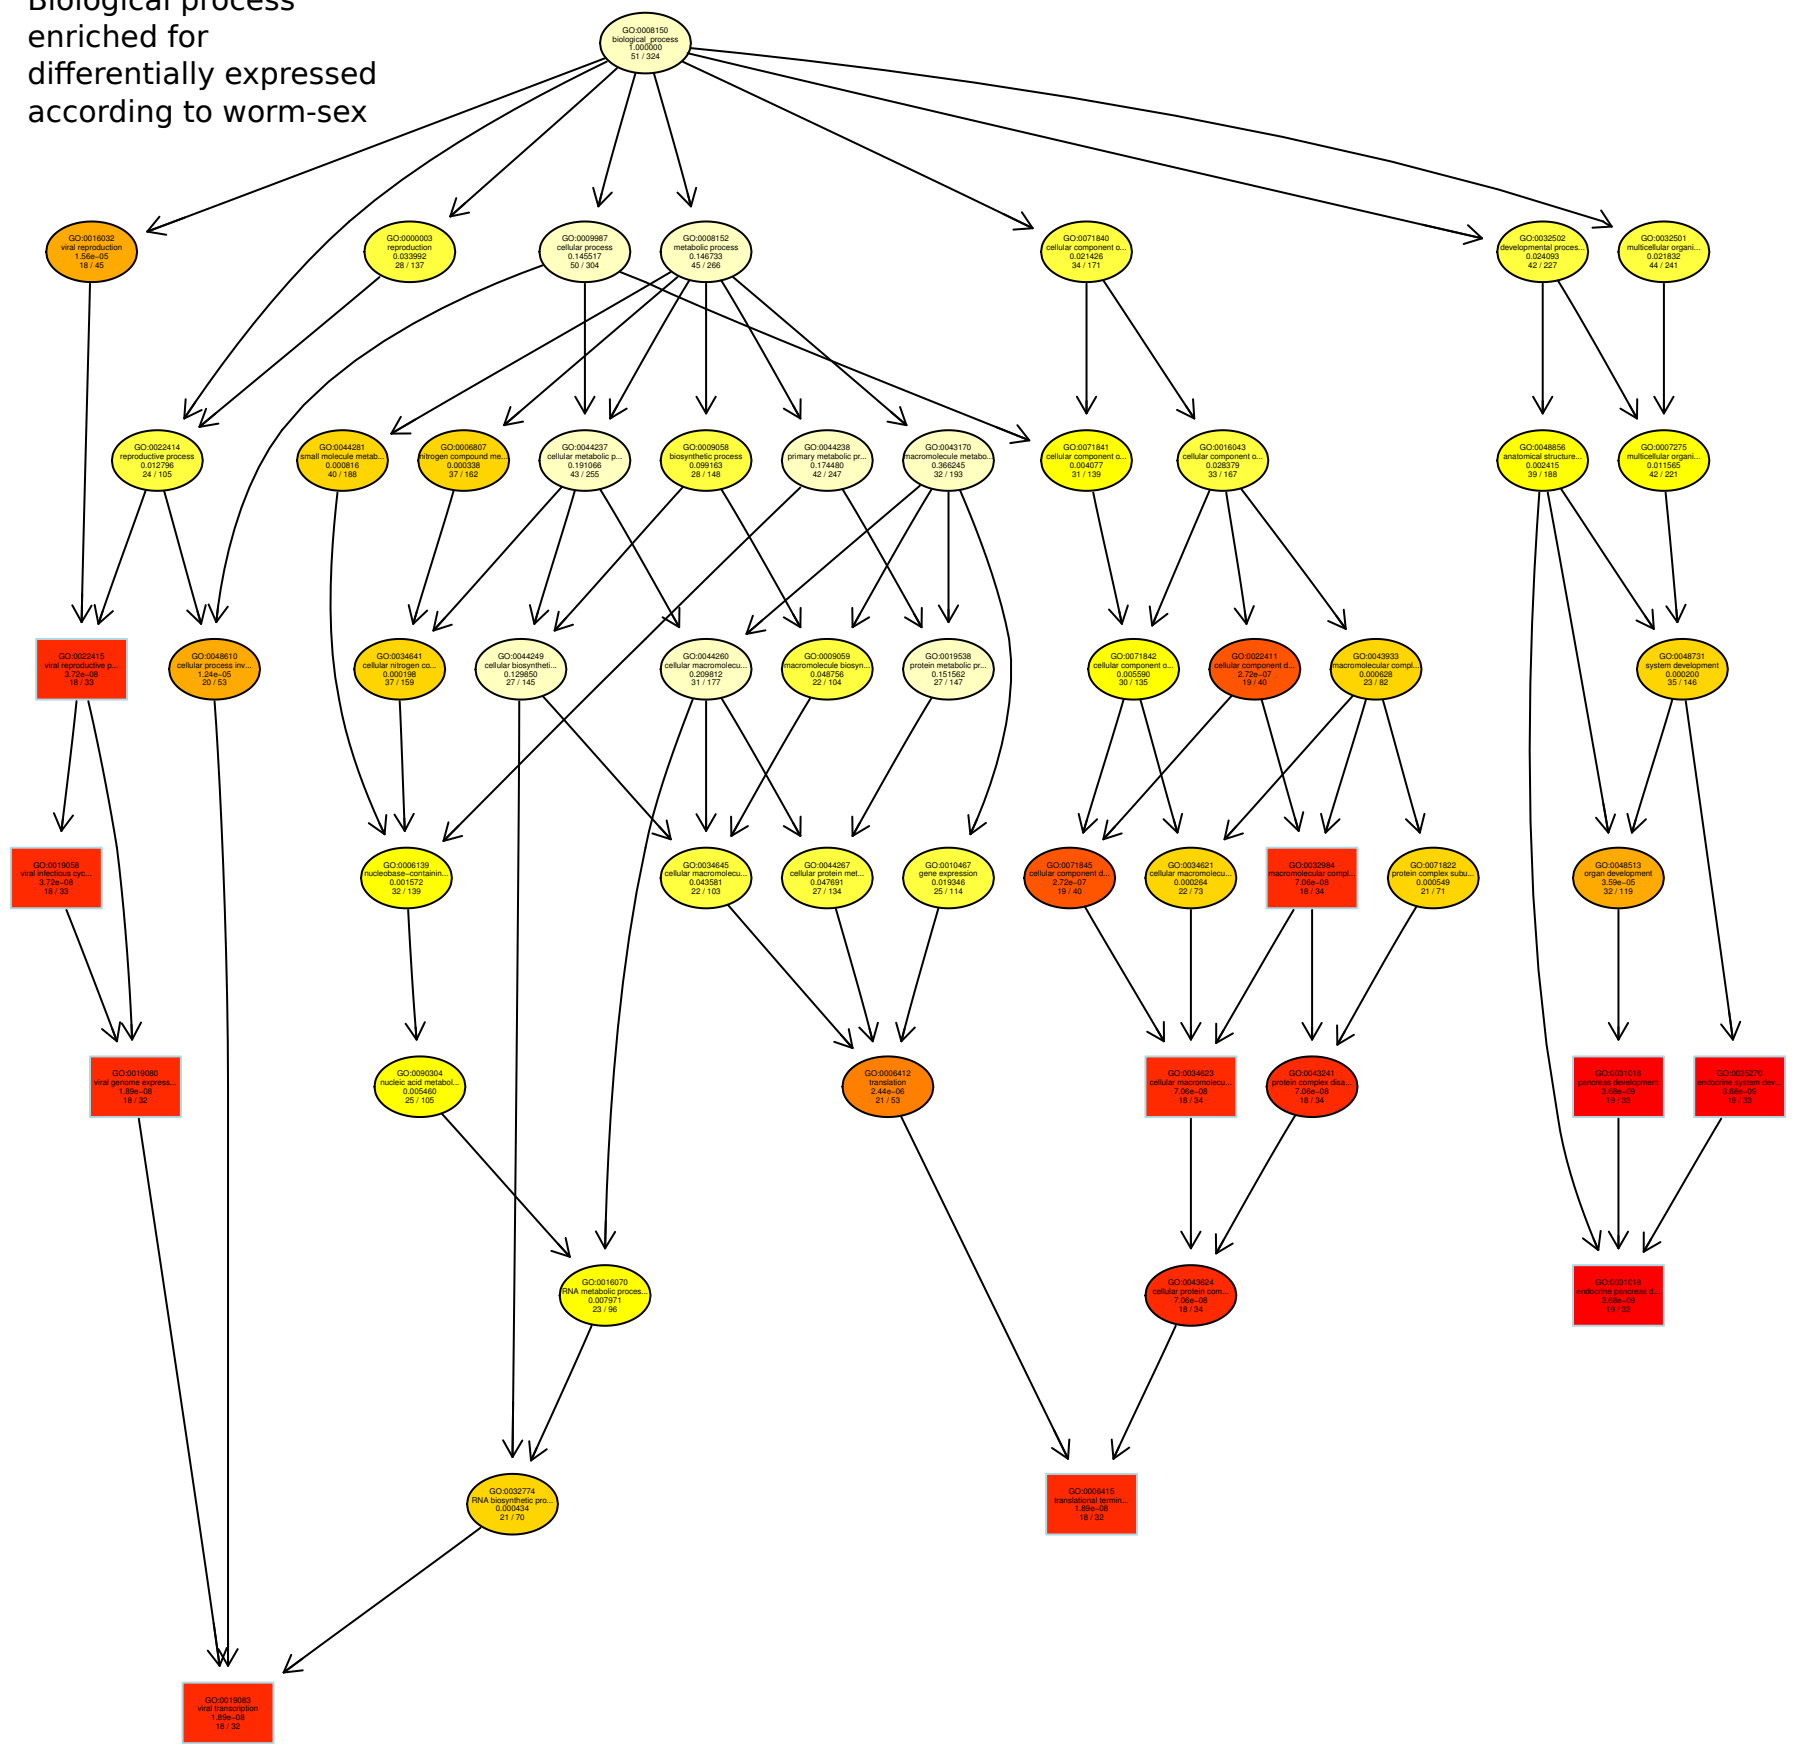

Cellular compartment
enriched for
differentially expressed
according to worm-origin

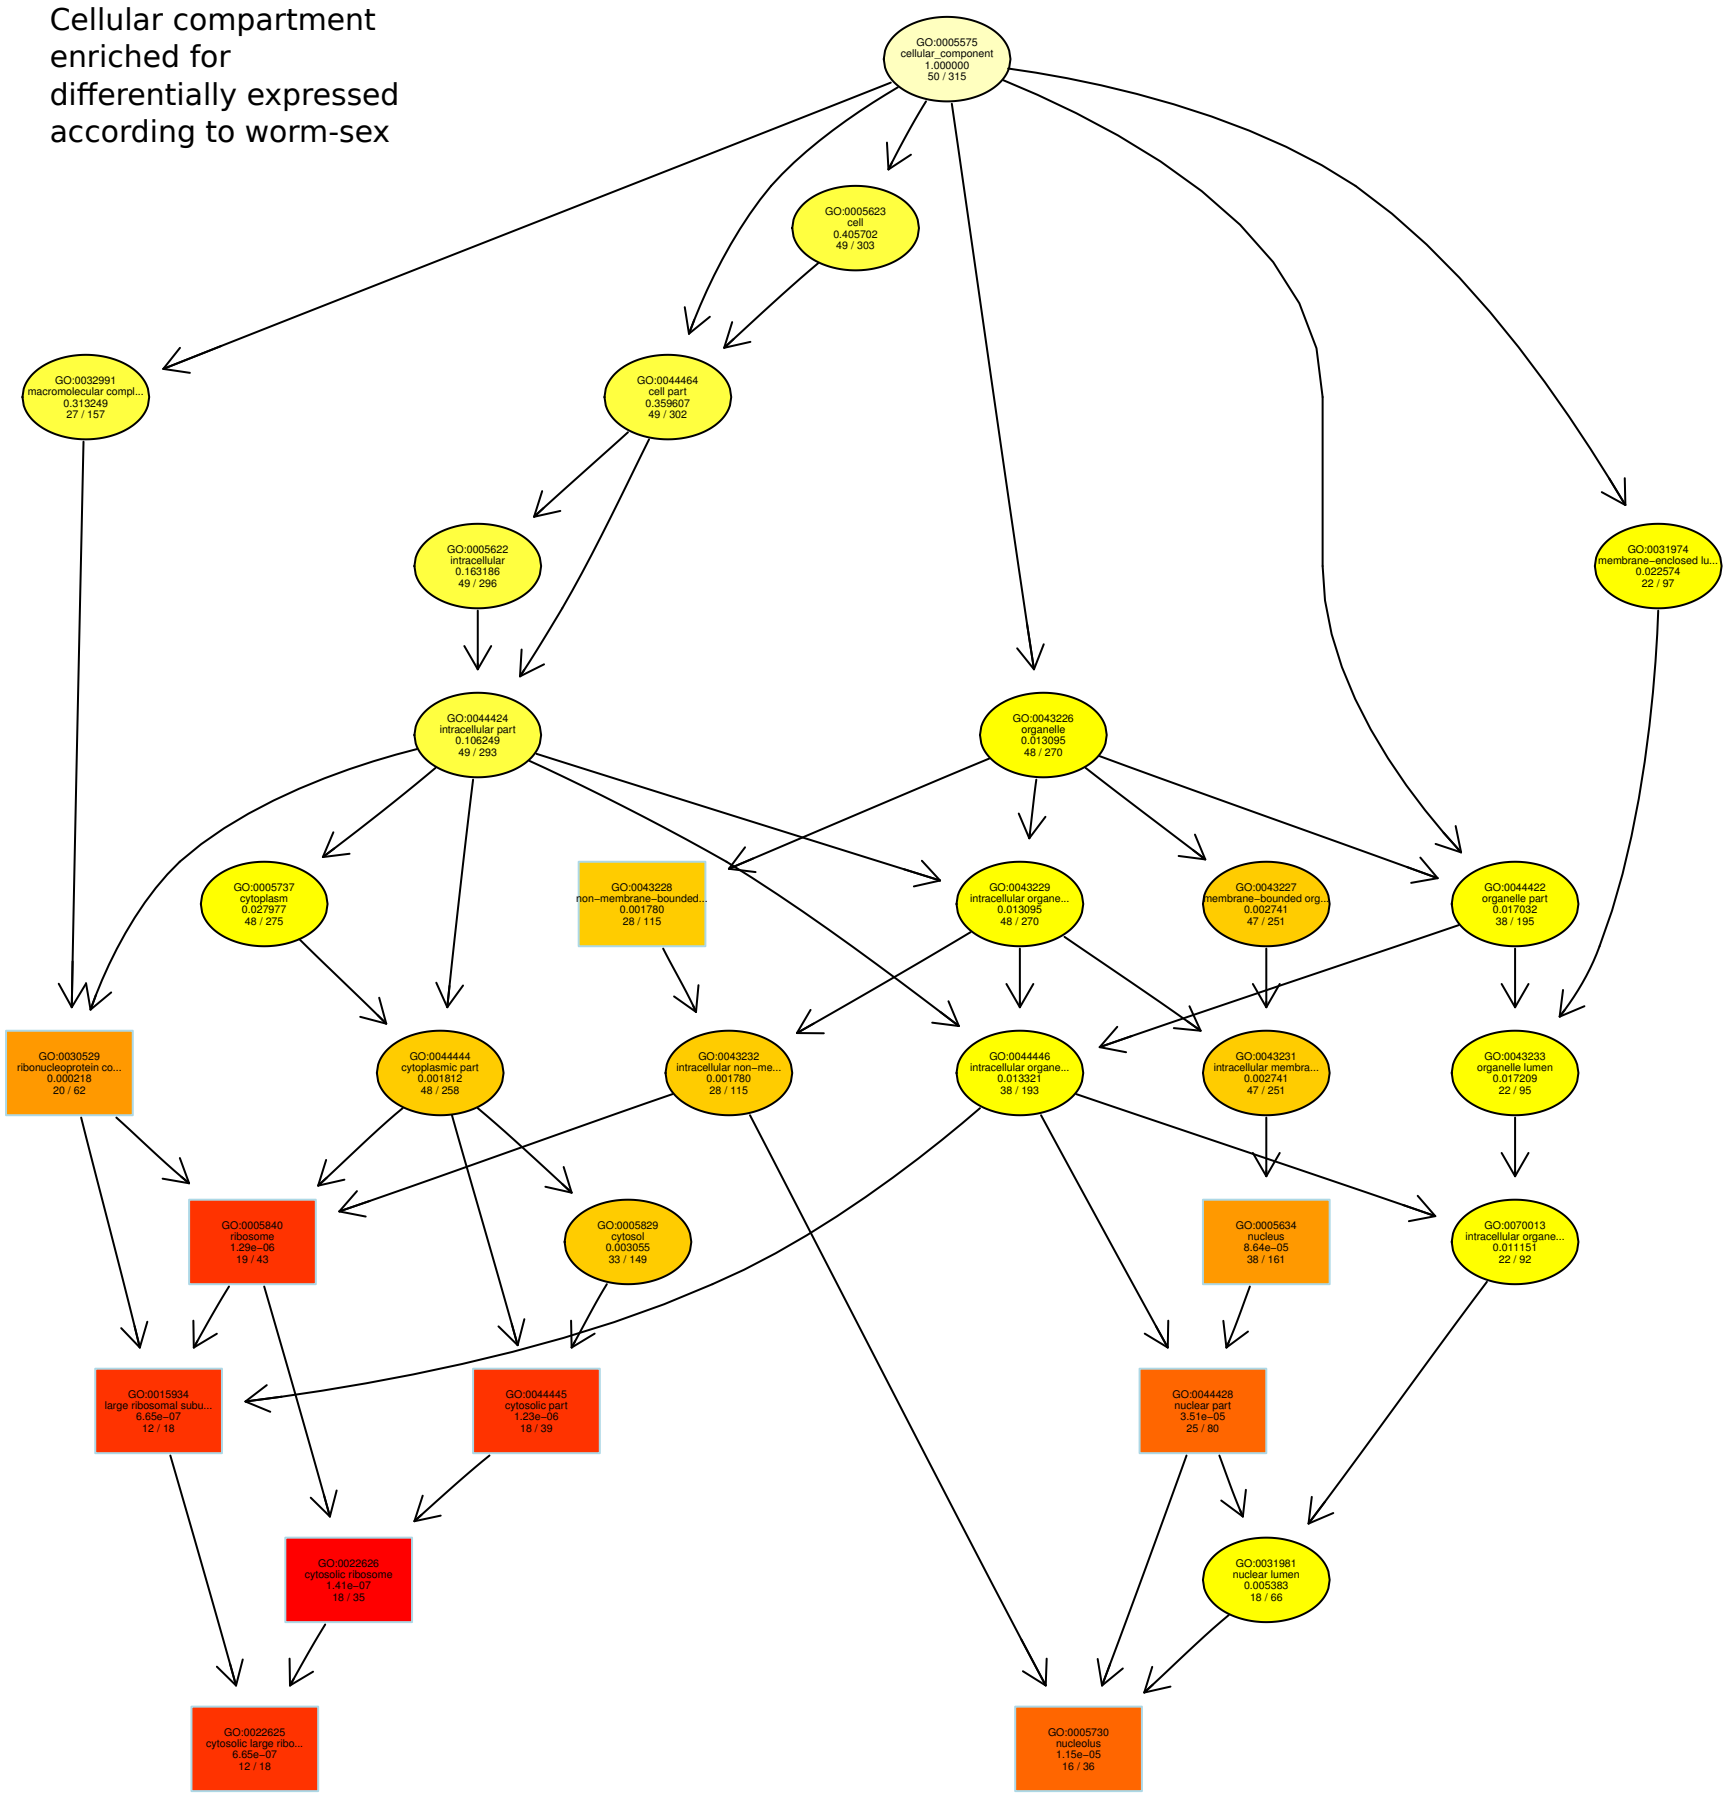

Molecular function
enriched for
differentially expressed
according to worm-origin

Biological process
enriched for
differentially expressed
according to worm-sex

Cellular compartment
enriched for
differentially expressed
according to worm-sex

Molecular function
enriched for
differentially expressed
according to worm-sex
